Dear Parents and Students:

Aug.3, 2017

Welcome to Seventh Grade!

We are truly thrilled to have you on our team! We hope you are enjoying a relaxing summer vacation. Seventh grade is an exciting year. As teachers, we will maintain open communication between home and school. The education of a student is an essential partnership between teachers, students, and parents.

We believe it is vital for our students to meet high expectations and gain the confidence to be ambitious. We strive for our students to develop resiliency and perseverance as they gain knowledge and skills. We aim to build students' confidence by encouraging creativity and originality. Seventh Grade students will have opportunities to communicate ideas, work independently and collaboratively, as they work to become leaders.

The specific requested school supplies for each subject are listed on our website. The requested supplies are needed for the first week of school. We want this year to be the most successful year possible!

We are looking forward to a great year! We consider it a privilege and responsibility to be your teachers this year! See you August 31, 2017 for the first day of school.

With enthusiasm,

The Seventh Grade Team:

Michael Alexopoulos, Mathematics
Alison Gardock, Science & White Team Leader
