SMS Amazing Race

Complete Minute to Win It type tasks fast to move on to the next round.

SMS Student Council is hosting *The SMS Amazing Race*. Teams will experience spirited team competition through various challenges. Teams compete mostly against the clock in the challenges, and finishing all tasks will be an accomplishment in itself. Along the way, participants will be challenged both physically (activities that use your muscles) and mentally (activities that use your mind), and learn that innovation and teamwork are the keys to success. In order to advance to the next round of competition a team must be among the top competitors in the round. In the end, three teams, one from each grade, will compete to claim the title of the Amazing Race Champions. Don't miss out on this exciting opportunity to compete against your friends in Minute to Win It like tasks and have a blast.
